Stacie, thanks for asking about the date.

Steve, Pam- see first bullet below, to be provided to the RA as talking points for her monthly call with PADEP's state secretary. This is why Stacie is inquiring- we want to make sure we characterize this first bullet correctly Thx!

EPA and PADEP response to Capitol Region Water (CRW) Motion to Intervene::

- We (DOJ on behalf of EPA) and PADEP are planning to file individual responses by May 27, 2021 to the Motion to Intervene for this case.
- **Background:** On May 7, the Lower Susquehanna Riverkeeper Association (LSRA) filed a Motion to Intervene in the federal district court in a CWA case brought by the U.S. and PADEP against CRW and the City of Harrisburg for alleged failure to implement an approvable Long-Term Control Plan under the Partial Consent Decree to stem the flow of combined sewage into the Susquehanna.

Rick – This can be added for a salient for next week, or you could just share with Karen so she is aware what is going on with CRW.

Thanks.
